June 12 – July 30, 2014

Students started arriving in groups on 12th,13th & 14th June,2014 who were welcomed by KSU officials. All the students have been given accommodation in Moore Hall on campus having all basic facility as well recreation facilities such as Wi-Fi access, Table-Tennis, Pool, Gymnasium and Television. For preparing own food, a kitchen facility is available in the residence hall. Housing and dining section of the university has provided students with electronic card for entering in their hall of residence as well as for accessing dining facility.

First welcome address in College of Engineering at Rathbone Hall in Fiedler Auditorium was organized by KSU officials on June 16,2014. Dean of K-State Global Campus Dr.Sue Maes gave a welcome speech to 52 GTU students.

An orientation program for the students was arranged by International Distance Education Program Office. They guided them over all the campus and made them familiar with various process and places.

Group Photo After Breakfast on June 25, 2014 at Derby Dining Hall.

Group of Female Students at KSU,It is a Huge Response that more Female students Comes up in IEP-2014 than IEP-2013.

The lecture hall and residence hall are at walking. Students started attending lectures as per schedule from 16th JUNE,2014.

Students admired efforts made by professors to emphasis on fundamentals of each topic for better understanding. The library facility with large number of computers, wi-fi enabled photocopier and scanner, automated moving racks for saving space have been found to be interesting features of the library.

The recreation center at the campus has remained as most attractive place to visit by the students every evening.

KSU also arranged transportation for students to visit Asian food store where Indian food items are available. Students made a list of item and visited store for shopping. On Sunday evening students prepared delicious food in the kitchen facility available at Derby Hall.

On June 25,2014 welcome breakfast was arranged by KSU, following were the attendees:

Dr. Sue Maes → **Dean Of K-State Global Campus,**

Dr.April Mason → **Provost,Kansas State University**

Dr. Don Gruenbacher → **Head, Electrical and Computer Engineering,**

Karen Hibbard → **Vice President, Manhattan Convention and Visitors Bureau,**

Dr.Noel Schulz → **Associate Dean for Research & Graduate Programs & Director for the
Engineering Experiment Station,**

Stacy Bailey → **International Students and Scholar Services.**

Kelli Park Fuhrmann → **Program coordinator**

attended the welcome breakfast and gave their welcome speeches and admired efforts by GTU and Specially, Hon'ble Vice Chancellor Dr. Akshai Aggarwal who dreamed for such wonderful program for the benefit of the students.

Dr.Noel Schulz,Dr. Sue Maes and Dr. Gruenbacher advised students to take academic benefit of the program and assured of all support to make it eventful and interesting.
