

Two Day Workshop on “Sustainable Technologies for Noise & Air Pollution Challenges”

January 20th- 21th, 2017

ABOUT THE INSTITUTE

Darshan Institute of Engineering & Technology is a leading institute offering undergraduate, graduate and postgraduate programs in engineering. DIET is Located in peaceful and sylvan surroundings, about 19 km from Rajkot, Gujarat, India.

The Institute is affiliated to the Gujarat Technological University and approved by the AICTE, New Delhi. The Institute was established in the year 2009, by Shree G.N.Patel Education & Charitable Trust. DIET is managed by technical experienced & well qualified management team, under leadership of Prof. R.G. Dhamsaniya. From its inception, the college has grown steadily and is imparting quality technical education.

The Institute has well experienced, highly qualified and dedicated faculty for committed education. All head of the departments and senior faculties are reputed industrial consultants.

ABOUT THE DEPARTMENT

Department is known for its reputed faculty with expertise in diverse fields. Presently, the department has highly qualified, knowledgeable and energetic faculty members, to develop professionally superior and ethically strong technocrats with an ability to adapt into an intellectually and technologically challenging environment.

The Department has established a state of the art experimental facilities and laboratories in different fields of Civil Engineering. Besides quality teaching and instructions, department is actively involved in technological advisory support and consultancy projects to various organizations and industries. The Department strongly believes in continuous efforts to strive for excellence by exploring new frontiers of knowledge, imparting the latest technical knowledge to the students and conducting quality research.

ABOUT THE WORKSHOP

The workshop is mainly focused on the air and noise pollution monitoring, assessment, impact prediction, health issues. Studies done on air and noise pollution in Indian conditions are less as compare to developed countries and it is very important as well as useful to carry out some highlighted issues in the respective fields. This workshop will be very useful for scholars, Professionals, Engineers from private Organizations, Teachers, who are searching a good research scope in the environmental engineering field.

TOPICS TO BE COVERED

- 1. Health impacts of noise and its modeling*
- 2. Traffic noise studies*
- 3. Air pollution monitoring and analysis*
- 4. Air pollution modeling*
- 5. Significance of air and noise management in sustainable urban planning*

Department of Civil Engineering
Darshan Institute of Engineering and Technology
At Hadala, Near Water Sump, Rajkot Morbi Highway, SH 24, Rajkot, Gujarat 363650

Faculty Coordinators:

- 1) **Prof. Vitrag Dholakia, (Mo-9726750572)**
- 2) **Prof. Kaushik Koradia,**
- 3) **Prof. Ujval J Solanki,**
- 4) **Prof. Dipak Jivani,**

Organizing Committee:

- 1) *Mr. Nilay R. Sudani (Mo-9978917732)*
- 2) *Prof. Milan R. Gohel (Mo-9714818081)*
- 3) *Prof. Ronak B. Patel (Mo-9558888328)*
- 4) *Prof. Krunal J. Dhandha*
- 5) *Prof. Yogesh V. Akbari*
- 6) *Prof. Viral H. Desani*
- 7) *Prof. Chetan G. Solanki*
- 8) *Prof. Jeel R. Malli*

Email: envaudit@rediffmail.com

REGISTRATION:

Apply on following URL:

<http://www.tinyurl.com/diet-env>

The registration fee: Free For ALL

Last date of submitting completed registration Form: 17/01/2017.

All the registered candidates, who will attend complete course, only will be given the participation certificates.

For Confirmation participants will be informed via registered email only.

Full name: _____

Designation: _____

Affiliation with addresses:

Contact No: (O) _____

Mobile No: _____

E-MAIL: _____

Signature of Participants

Endorsement of Head of Institute with Seal Kindly send the Completed Registration Form to: Email: envaudit@rediffmail.com
