

## Workshops to be conducted by International Experts for the Research Week-2017

Sr. No.	Foreign Co-Supervisor	Branch Name	University	Title of the Workshop	Preferred Date of Workshop
1	Dr. Abdelwahab Omri	Pharmacy	Laurentian University	Nanoparticle-based targeted antibiotics delivery against Pulmonary Pseudomonas aeruginosa Infection	16 February,2017
2	Dr. Ramesh Agarwal	Mechanical Engineering	University of Washington	Computational Fluid Dynamics and Applications	15 March,2017
3	Dr. Vinay Dayal	Civil Engineering	Iowa State University	Structural Health Monitoring	16 March,2017
4	Dr. Shishir Shah	Computer Science	University of Houston	Human Activity Recognition	16 March,2017
5	Dr. Gaurav Sharma	Computer Science	University of Rochester	Wearable Sensor Analytics for Medicine	17 March,2017
6	Dr. Arun Somani	Electrical Engineering and Computer Science	Iowa State University	Memory Efficient Computation Management for All-to-All Big Data Interaction	17 March,2017
7	Dr. Ramki Thurimella	Computer IT Engineering	University of Denver	Person Detection Techniques for an IoT Based Emergency Evacuation Assistance System	17 March,2017
8	Dr. Gaurav Sharma	Computer Science	University of Rochester	Publication Etiquette and Ethics: Things You Should Know Before Submitting Your Next Paper	18 March,2017
9	Dr. Feng C Lai	Mecanical Engineering	University of Oklahoma, USA	EHD Gas Pumping	18 March,2017
10	Dr. Bala Natarajan	Electrical Engineering and Computer Science	Kansas State University	IoT for a Smart World - Endless Possibilities	21 March,2017
11	Dr. Subramaniam Ganesan	Electrical Engineering and Computer Science	Oakland University, Rochester	Embedded system design	23 March,2017
12	Dr Samo Bobek	Management	University of Maribor	Selected issues on using case research methodology	14 April,2017
